

# FOTSO EDDY STEVE

Software Engineer

+237 691-32-72-57

fotsotachulaeddysteve@gmail.com

Bamenda, Cameroon

## SUMMARY

I am a skilled full-stack software developer with over 2 years of experience. Proficient in various programming languages such as Python, HTML, CSS, and JavaScript, and familiar with frameworks like Django, FastAPI, Bootstrap, and React, along with cloud platforms such as Azure and AWS. I have created impressive systems for a wide range of users and organizations, with my project portfolio available for review on my GitHub profile. Additionally, I have expertise in Linux systems, database management, version control systems like Git, and agile development practices. I am dedicated to further contribute to innovative projects.

## EDUCATION

### The University of Bamenda

Bachelor of Engineering in Computer  
2022-Present

### GBHS Bafoussam

Government Common Entrance Examination  
2014-2022

## SKILLS

### Technical Skills

- Proficient in programming languages such as Python, HTML, CSS, JavaScript
- Experienced with web frameworks including Django, FastAPI, Bootstrap, and React.js
- Familiar with cloud services like Azure and AWS
- Skilled in tools and technologies like Linux, Git, and Database Management
- Knowledgeable in Agile Development Methodologies
- Proficient in RESTful APIs
- Familiar with Continuous Integration and Continuous Deployment (CI/CD)
- Skilled in Containerization with Docker and Kubernetes

### Soft Skills

- Strong organizational and time-management skills
- Excellent problem-solving abilities
- Effective communication and collaboration skills

## PROFESSIONAL EXPERIENCE

### Full Stack Engineer (UmEmployed)

USA | 2024 - Present

- Developed web applications using Python, HTML, CSS, JavaScript, and frameworks like Django, FastAPI, Bootstrap, and React.
- Collaborated with cross-functional teams to deliver high-quality software products.
- Implemented RESTful APIs and integrated third-party services.
- Utilized Git for version control and collaborated effectively with team members.
- Conducted testing and debugging to ensure optimal performance.
- Worked with databases for efficient data storage and retrieval.

### BackEnd Developer (HOOYIA)

Cameroon | 2024 - 2025

- Developed and managed backend systems for web applications using Django and Python.
- Designed and implemented RESTful APIs for seamless data communication.
- Collaborated with team members to deliver scalable and efficient web solutions.
- Worked with databases to optimize data storage and retrieval.
- Conducted testing and debugging to ensure functionality and efficiency.
- Followed best practices in backend development to enhance performance and security.

## CERTIFICATIONS

- Bachelor of Engineering in Computer Engineering (Currently Pursuing)
- Full-Stack Web Development – freeCodeCamp
- Backend Development with Django – Udemy
